Canue Metadata - Neighborhood Canadian Food Environment Dataset (Can-FED) Version 1 (2018)

2026-11-06

DATA SET INFORMATION

Dataset Code: NHFED_AVA_YY

Description:

The Canadian Food Environment Dataset (Can-FED) is a pan-Canadian dataset of retail food environment measures at the dissemination area (DA) level based on food outlet data from the 2018 Statistics Canada Business Register. The Can-FED is a geographic-based set of measures that represents the food environment of Canadian communities. The primary envisioned use of the Can-FED is research and analysis of the relationship between the local food environment, dietary intake and health outcomes. CANUE staff assigned the DA-level Can-FED dataset scores to 2018 DMTI postal codes.

Please note that version 2 of the Can-FED dataset has been released and is listed as a different dataset on the CANUE data portal.

Keywords: food - diet - local food environment - neighbourhoods - statistics canada

Place Keywords: Canada - National

GEOSPATIAL REFERENCE

Upper Left Corner: 65.14N , -141.02W

Lower Right Corner: 41.68N , -52.62W

Coordinate System: GCS_WGS84 - EPSG:4326

Geometry Type: POINT - Units: Decimal Degree

Geometry Data Source: DMTI Spatial Inc. (postal codes)

QUALITY ASSESSMENT

QA/QC Procedures:

CANUE did not assess the quality of the Can-FED datasets. Users should review the supporting documentation and any recommended citations.

Geographic Coordinate Positional Accuracy:

These metrics are linked to the corresponding annual postal codes files for mapping and analysis purposes. Refer to the postal code metadata file in Supporting Documentation for more information.

Vertical Positional Accuracy: N/A

Attribute Accuracy: N/A

Data Validity: NoData = -9999 (for numeric fields) - NoData=null (for category fields) - Data insufficient to calculate value = -1111

Associated Files:

Data Comment:

MAINTENANCE

Description: N/A

File Type: Comma separated values(.csv)

File Size: 125 MB

Number of Data Files: 1

DATA USE CONDITIONS

The Data User is REQUIRED:
(i) to acknowledge data sources listed under Acknowledgement(s)(ii) cite the publication(s) listed under Recommended Citation(s) as the providers and source of these data when using them in support of research, analysis, operations, policy decision or any other undertaking including publication(iii) complete and sign the CANUE Data Use and Sharing Agreement (available at http://canue.ca/data/), in which the name and signature of the researcher/analyst who takes responsibility for ensuring all conditions are met.

Data Sharing Restrictions:
These data files are provided solely for the purposes stated in the CANUE Data Sharing and Use Agreement and should not be re-distributed for any reason. These data also contain proprietary postal code data and may only be used for the project named in the CANUE Data Sharing and Use Agreement. Data can be shared only within a project team for the exclusive purposes of teaching, academic research and publishing, and/or planning of educational services in accordance to DMTI End User Agreement associated with the Spatial Mapping Academic Research Tools (SMART) Program
